Dear Sir:

On **September 24, 2002** my office faxed copies of Revocation of Power of Attorney forms and appointment of Power of Attorney/Change of Correspondence Address forms to the US Patent & Trademark Office for each of the above listed applications; confirmation of receipt of these faxes by the USPTO were confirmed for each submission. Copies of documentation showing prior submissions for recordation at the USPTO are submitted herewith for your convenience. Apparently the USPTO failed to properly record these changes in the matters listed, because since that time I have received correspondence from the USPTO for only two of the twenty applications. Upon follow-up with one of the cases by way of telephone conversations on March 19, 2004 and again on March 22, 2004 with Examiner Todd Ingberg, it has come to my attention that correspondence from US PTO is being sent to at least one unauthorized third party since the Revocation of Power of Attorney and Power of Attorney Appointment/Change of Correspondence Address forms noting change of correspondence address were originally submitted in September 2002.

Last Friday, March 19, 2004, my office resubmitted the revocation, new appointment of Power of Attorney and Change of Correspondence address forms for at least one case for which an Office Action was due, nearing its final extension of time for response.

This error by the USPTO is causing irreparable harm to my client, TogetherSoft Corporation, due to the unauthorized communication by the USPTO with third party firms, due to the loss of time in prosecution since Office Actions are not being properly transmitted to the Attorney of Record, JiNan Glasgow, at Glasgow Law Firm, PLLC, and due to the additional fees required to prosecute within final extension periods. It is respectfully requested that the USPTO act expeditiously to correct the record in each of the above-referenced cases and transmit the Office Actions to my office immediately so that prosecution may be properly conducted on behalf of the applicant(s).

Attached please find copies of the Revocation of Power of Attorney Form and the Power of Attorney notifying the US Patent & Trademark Office for the above listed applications being faxed again to your attention at an official USPTO fax number given to me by Examiner Todd Ingberg, who has been very helpful so far in assisting us with resolving this error by the USPTO.

Since formal Office Actions and any other correspondence from the USPTO has been sent to unauthorized third parties and not to my office, I am concerned that my client is unable to meet deadlines for sending responses and applications may be in jeopardy of abandonment.

Please note that all correspondence for the above listed applications should be coming only to the proper Attorney of Record as follows and as indicated originally to the USPTO in September 2002:

JiNan Glasgow
Glasgow Law Firm, PLLC
P.O. Box 28539
Raleigh, NC 27611-8539

Please contact my office immediately regarding the correction of these matters and submitting any Office Actions currently outstanding to my office immediately. Thank you for your assistance in these matters.

Sincerely,

JiNan Glasgow
